DECLARE

that the Violin, shown to me and owned by "La Consolazione ETAB" (Public Charity Administration with President Pro Tempore and Legal Representative Lawyer Claudia Orsini) housed in Todi, Italy (Piazza Umberto I, n.6 - Italian Fiscal Code: 00457290542), bearing no label is in my opinion the original work of the Italian luthier Giuseppe ODOARDI (b.1746 Poggio di Bretta - d.1786 Ascoli Piceno) made c.1780.

The top is made of 2 pieces of spruce with regular narrow grain. The back is made of 2 pieces of oppio (local Italian maple) with irregular grain and very irregular figure. The ribs and scroll are made of plain maple wood. The violin is made on a personal model with elegant outline and edgework. The archings are full (the back has suffered deformation), the plates are overall very thin. The scroll is carefully carved. The red-brown varnish was laid on a pale ground.

On the back of this declaration the are 4 (four) photos showing the top, the back and the scroll (2 sides).

This violin has suffered some serious damage in the past, not always restored the proper way. Therefore, taken into consideration the state of conservation, it has at present in my opinion a **value of €40.000,-** (Forty thousand-Euros).

I declare the above, asked to do so by "La Consolazione ETAB", to the best of my professional knowledge, for legal purposes such as insurance.

TODI (PG)

Restauro Violino Odoardi detto "Il Villan D'Ascoli" - La Consolazione ETAB
